24 December 2021

My Dear Parishioners,

I apologise for sending this on Christmas Eve, and for the short notice. However, this announcement was only made last night by the State Government and Health Department and became effective from this morning. Effective immediately, the following requirements have been again introduced for Places of Worship.

- Attendees are limited to 1 person per 2 square meters, meaning up to 400 people at Rosemeadow
- Face masks **MUST BE WORN INDOORS**

We have been informed that these measures will remain in force until 27 January 2022 at this stage. All other previous requirements remain the same.

This means that from the Christmas Vigil Mass tonight, **everyone will need to wear a face mask** to be able to enter the church.

I thank you in advance for your understanding and cooperation, and to be courteous to the monitors who are acting in a voluntary capacity to help you, and to realise that they are simply acting in accordance with what is required from us by the Government and Health Department.

I pray that you and your family will have a blessed and happy Christmas celebration of our Saviour's Birth, and assure you of my prayers and remembrance in my Christmas Mass.

God bless you all

Father Christopher G Sarkis
Parish Priest.
